

The more you **LEARN** The more you **EARN**

One day, Rebeca may design roller coasters. Or 747s. Or invent the next “big thing.” She doesn’t know where being a mechanical engineer will take her, but she’s been working hard to get there...president of the National Honor Society, captain of the softball team, and an A average. **Rebeca is in class every morning before the bell rings. Sometimes she’s teased for getting good grades, but she’s not tempted to slack off.** This honor student is going places and knows that her hard work will pay off—big time!

*Cardozo Senior High School
Class of 2012*

**School.
It Pays to Stay.**
